Your message to felix.grande@bemermail.com couldn't be delivered.

felix.grande wasn't found at bemermail.com.

tuguiaonline01

Action Required

Unknown To address

Office 365

felix.grande

Recipient

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete

and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.

- Contact the recipient (by phone, for example) to check that the address is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.1 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

Was this helpful? [Send feedback to Microsoft](#).

More Info for Email Admins

Status code 554 5.4.14

Typically this error occurs because the recipient email address is incorrect or doesn't exist at the destination domain. This can usually be fixed by the sender. However, sometimes the issue needs to be fixed by the recipient or the recipient's email admin. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. A forwarding rule can be configured by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow settings or MX records can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

Mail loop detected - This error also indicates that the receiving organization's email settings are misconfigured, creating a mail loop when a message is sent to an address that isn't found in their directory. This usually won't disrupt mail flow for recipients that actually exist, but the recipient's email admin should fix the misconfiguration to reduce the chance of any other mail flow issues. A common cause for this loop is that the recipient's domain is configured as "Internal Relay" when it should be "Authoritative." Another common cause for the loop is that both the sender and recipient are part of the same organization, but the sender's mailbox is hosted by Office 365, while the recipient's mailbox is hosted on-premises, and an outbound connector from Office 365 to the on-premises email servers is missing or misconfigured. To fix this, the recipient's email admin should create a correctly configured outbound connector in Office 365 to route the message to the on-premises mailbox.

For more information and tips to fix this problem, see [Fix email delivery issues for error code 5.4.14 in Office 365](#).

Buenos días

Tras la conversación mantenida, le indicamos cómo acceder a su área de clientes, donde podrá comprobar el estado de sus contratos, descargar sus facturas y modificar el anuncio si lo desea:

ENLACE: <https://tuguiaonline.es/clientes/>
USUARIO: felix.grande@bembermail.com
CLAVE: 18488

Este enlace es para visualizar su anuncio: <https://tuguiaonline.es/es/negocio/13046/asesoria-medica/madrid/microcirculacion-dinamica/>

Ventajas que tiene por aparecer en nuestro directorio y en Google my business:

https://www.youtube.com/watch?v=3NiK_SxWRJ8&t=4s&ab_channel=Tugu%C3%ADaOnline

https://www.youtube.com/watch?v=PuB9kksF5Uk&t=110s&ab_channel=Tugu%C3%ADaOnline

El pago del recibo adeudo lo puede abonar por tarjeta de crédito o de débito (para mayor comodidad suya) o bien por transferencia bancaria, para lo cual le facilitamos los datos.

En el concepto deberá poner pago FELIX GRANDE BAGAZGOITIA

CAIXA: ES93 2100 2656 55 0210283665

IMPORTE: 277.09€ (229€ más iva)

Sin más reciba un cordial saludo.

Your message to felix.grande@bemermail.com couldn't be delivered.

felix.grande wasn't found at [bemermail.com](mailto:felix.grande@bemermail.com).

tuguiaonline01 Action Required Unknown To address	Office 365	felix.grande Recipient
--	------------	---

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link **"To send this message again, click here."** Then delete and retype the entire recipient address. If prompted with an Auto-

Complete List suggestion don't select it. After typing the complete address, click **Send**.

- Contact the recipient (by phone, for example) to check that the address is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.1 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

Was this helpful? [Send feedback to Microsoft](#).

More Info for Email Admins

Status code 554 5.4.14

Typically this error occurs because the recipient email address is incorrect or doesn't exist at the destination domain. This can usually be fixed by the sender. However, sometimes the issue needs to be fixed by the recipient or the recipient's email admin. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. A forwarding rule can be configured by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow settings or MX records can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

Mail loop detected - This error also indicates that the receiving organization's email settings are misconfigured, creating a mail loop when a message is sent to an address that isn't found in their directory. This usually won't disrupt mail flow for recipients that actually exist, but the recipient's email admin should fix the misconfiguration to reduce the chance of any other mail flow issues. A common cause for this loop is that the recipient's domain is configured as "Internal Relay" when it should be "Authoritative." Another common cause for the loop is that both the sender and recipient are part of the same organization, but the sender's mailbox is hosted by Office 365, while the recipient's mailbox is hosted on-premises, and an outbound connector from Office 365 to the on-premises email servers is missing or misconfigured. To fix this, the recipient's email admin should create a correctly configured outbound connector in Office 365 to route the message to the on-premises mailbox.

For more information and tips to fix this problem, see [Fix email delivery issues for error code 5.4.14 in Office 365](#).

Subject: Fwd: FACTURA FELIX GRANDE BAGAZGOITIA DE GUÍAS ONLINE S.C.
Buenos días

Tras la conversación mantenida, le indicamos cómo acceder a su área de clientes, donde podrá comprobar el estado de sus contratos, descargar sus facturas y modificar el anuncio si lo desea:

ENLACE: <https://tuguiaonline.es/clientes/>
USUARIO: felix.grande@bemermail.com
CLAVE: 18488

Este enlace es para visualizar su anuncio: <https://tuguiaonline.es/es/negocio/13046/asesoria-medica/madrid/microcirculacion-dinamica/>

Ventajas que tiene por aparecer en nuestro directorio y en Google my business:

https://www.youtube.com/watch?v=3NiK_SxWRJ8&t=4s&ab_channel=Tugu%C3%ADaOnline

https://www.youtube.com/watch?v=PuB9kksF5Uk&t=110s&ab_channel=Tugu%C3%ADaOnline

El pago del recibo adeudo lo puede abonar por tarjeta de crédito o de débito (para mayor comodidad suya) o bien por transferencia bancaria, para lo cual le facilitamos los datos.

En el concepto deberá poner pago FELIX GRANDE BAGAZGOITIA

CAIXA: ES93 2100 2656 55 0210283665

IMPORTE: 277.09€ (229€ más iva)

Sin más reciba un cordial saludo.

Departamento comercial

Apartado de Correos 53 - Cp/ 29620
